with our program you could pay:

* All figures on the graph are examples only. Rates, payments and settlement amounts may vary for each individual.

Customer Testimonials

We were in a BAD financial situation where my husband was laid off his job and with your help we are back on the road to financial freedom. We don't know what we would have done without your services! To owe just over \$40,000 in debt and to settle for \$12,250 WAS A HUGE BURDEN LIFTED OFF OUR SHOULDERS!
- Connie W.,
Ft. Lauderdale, FL

We very much appreciate everything you've done for me and my family. You have been very informative and helpful and for that we are truly grateful to finally find an honest company. The customer service support throughout the program was excellent. Whenever we had a concern or question someone was always there to help!
- Brian M.
Flint, MI

Frequently Asked Questions:

Q: What exactly is debt negotiation and debt settlement?

A: This is a process whereby your creditors agree to settle your debt for less than the full amount that is owing.

Q: How is this different from a Consumer Credit Counseling (CCC) service?

A: Simply stated, CCCs work for the creditors, so they naturally put the interests of the creditor first. You end up paying more money over a longer length of time. Typically a notation goes onto your credit report that you are in the program. A debt settlement service, such as DebtCare Center works quite differently. We do not accept any money from the financial services industry. It is you who are our client, not the credit card company. For qualified clients, we can help them pay off their debts for less money in less time.

Q: How does this compare with bankruptcy?

A: Many people feel that debt settlement is a superior option to bankruptcy, because (1) no money to pay an attorney is required, (2) it is easier to qualify and (3) debt settlement will not damage your credit the way that bankruptcy does

Frequently Asked Questions Continued:

Q: Why are creditors willing to settle with me for less than the original amount owing?

A: Simply stated, because they would rather get something, in terms of a lump-sum payment, than nothing at all.

Q: Am I guaranteed to qualify for your program?

A: Not everyone qualifies for our programs. But there is no cost or obligation to find out whether you do.

Q: Typically, what types of debts can qualify?

A: As a general rule, unsecured debts such as credit card debts qualify, while secured debts such as loans collateralized by cars and furniture do not.

Q: Couldn't I just do this on my own?

A: You could try to service your car on your own, do your own tax returns and even represent yourself in court as your own attorney if you choose to. The question is, are you really serving your own best interests by doing something that calls for expertise and experience?

Q: Why makes DebtCare Center a better choice than others?

A: Our many years of experience and our dedication to the clients we serve, as well as the high level of expertise and professionalism that we bring to the task, all of which constitute the reason for our high rate of success and customer satisfaction. In a word, results.

Q: What's the next step for me to take, to further explore this option?

A: Call us, now. Don't wait another minute. You could be losing hundreds or even thousands of dollars each month that you delay. The consultation is free and there is no obligation, so what's to think about? You're here because you need help. Stop the bleeding. Call us today.
